

**“ALL HUMAN BEINGS ARE ENTREPRENEURS.**

When we were in the caves, we were all self-employed, finding our food, feeding ourselves. That’s where human history began. As civilization came, we suppressed it. We forgot that we are entrepreneurs.”

Muhammad Yunus, Nobel Peace Prize winner and microfinance pioneer

So what is the definition of **Entrepreneur**?

“The entrepreneurial personality turns the most trivial condition into an exceptional opportunity. The Entrepreneur is **the visionary** in us. **The dreamer**. **The energy** behind every human activity. **The imagination** that sparks the fire of the future. **The catalyst** for change. The Entrepreneur lives in the future, never in the past, rarely in the present. He’s happiest when left free to construct images of **what if**. To The Entrepreneur, most people are problems that get in the way of the dream.”
